

Dr Hugs & Mia's Brave Adventure

Mia loved playing in the park with her friends.

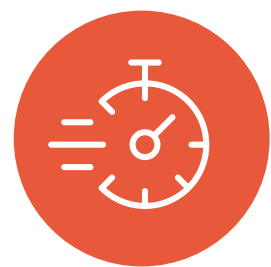

One sunny day, she tripped and fell.

Mia tried to be brave and not cry, but her knee hurt a lot. Her mummy took her to Parkway East Hospital for help.

**“Don’t worry, Mia.
Dr Hugs will see
us very soon.”**

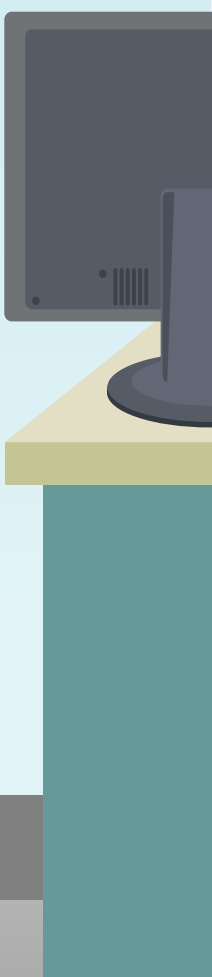

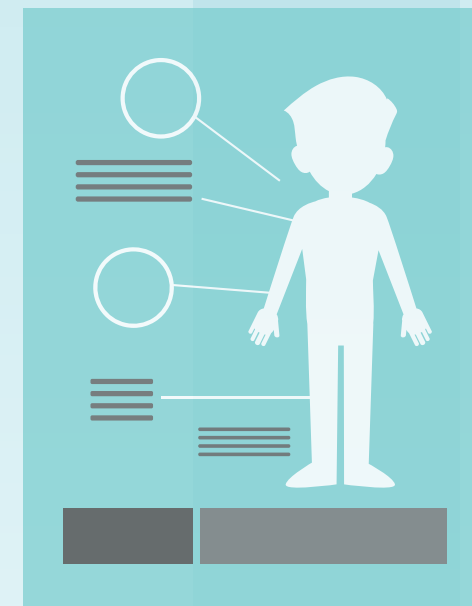

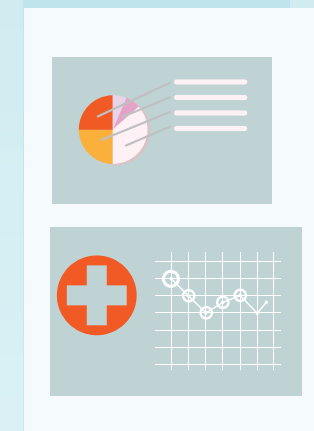

**Average
30 mins
wait time**

**Inside, they met
Dr Hugs and Nurse Cathy.**

**“Hello, Mia!
I’m Dr Hugs.
I’m here to
help you feel
better.”**

Dr Hugs gave Mia a gentle hug. Suddenly, she didn't feel like crying anymore.

“Psst.. My hugs give children courage.”

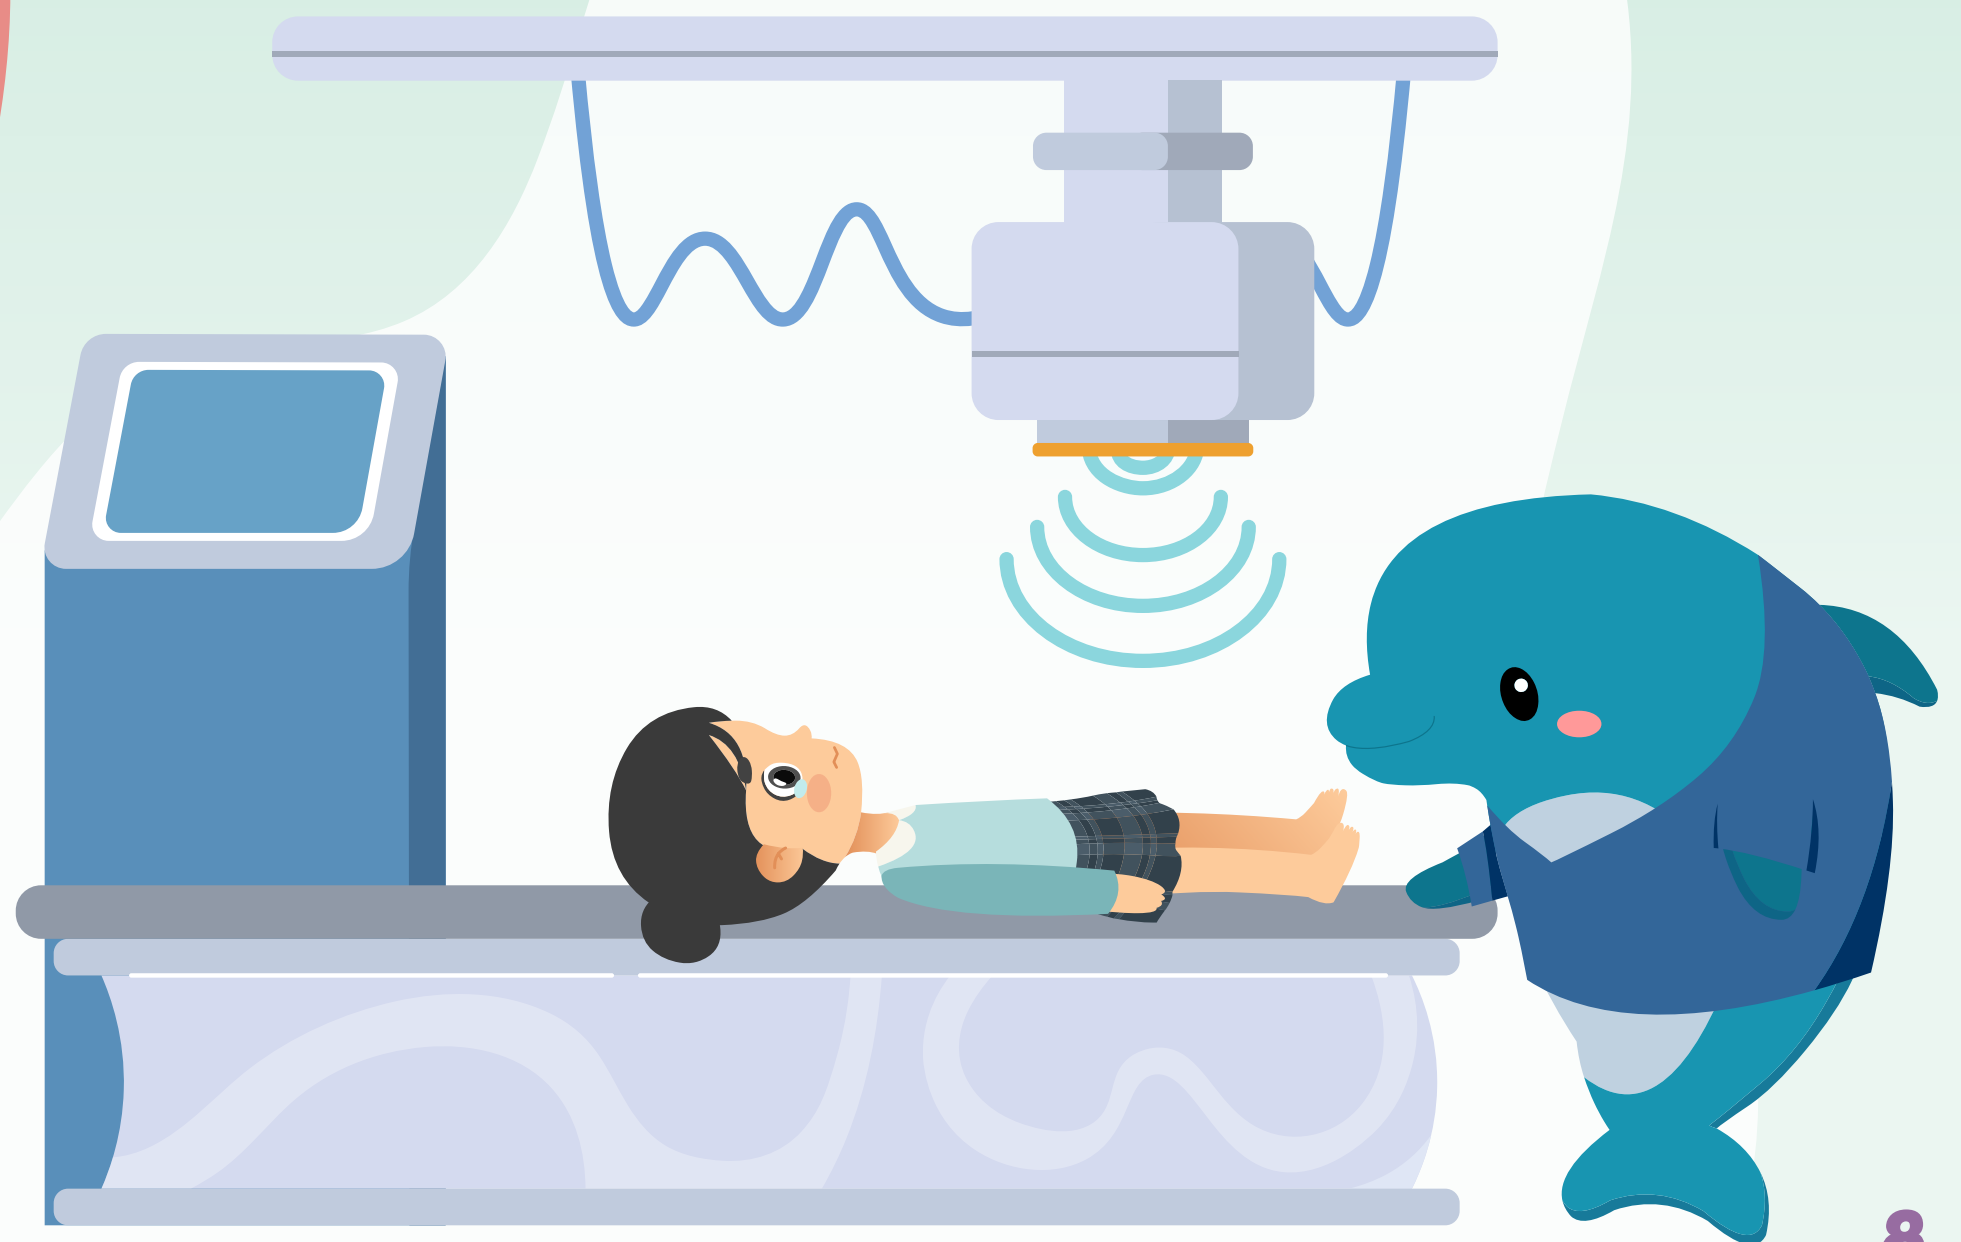

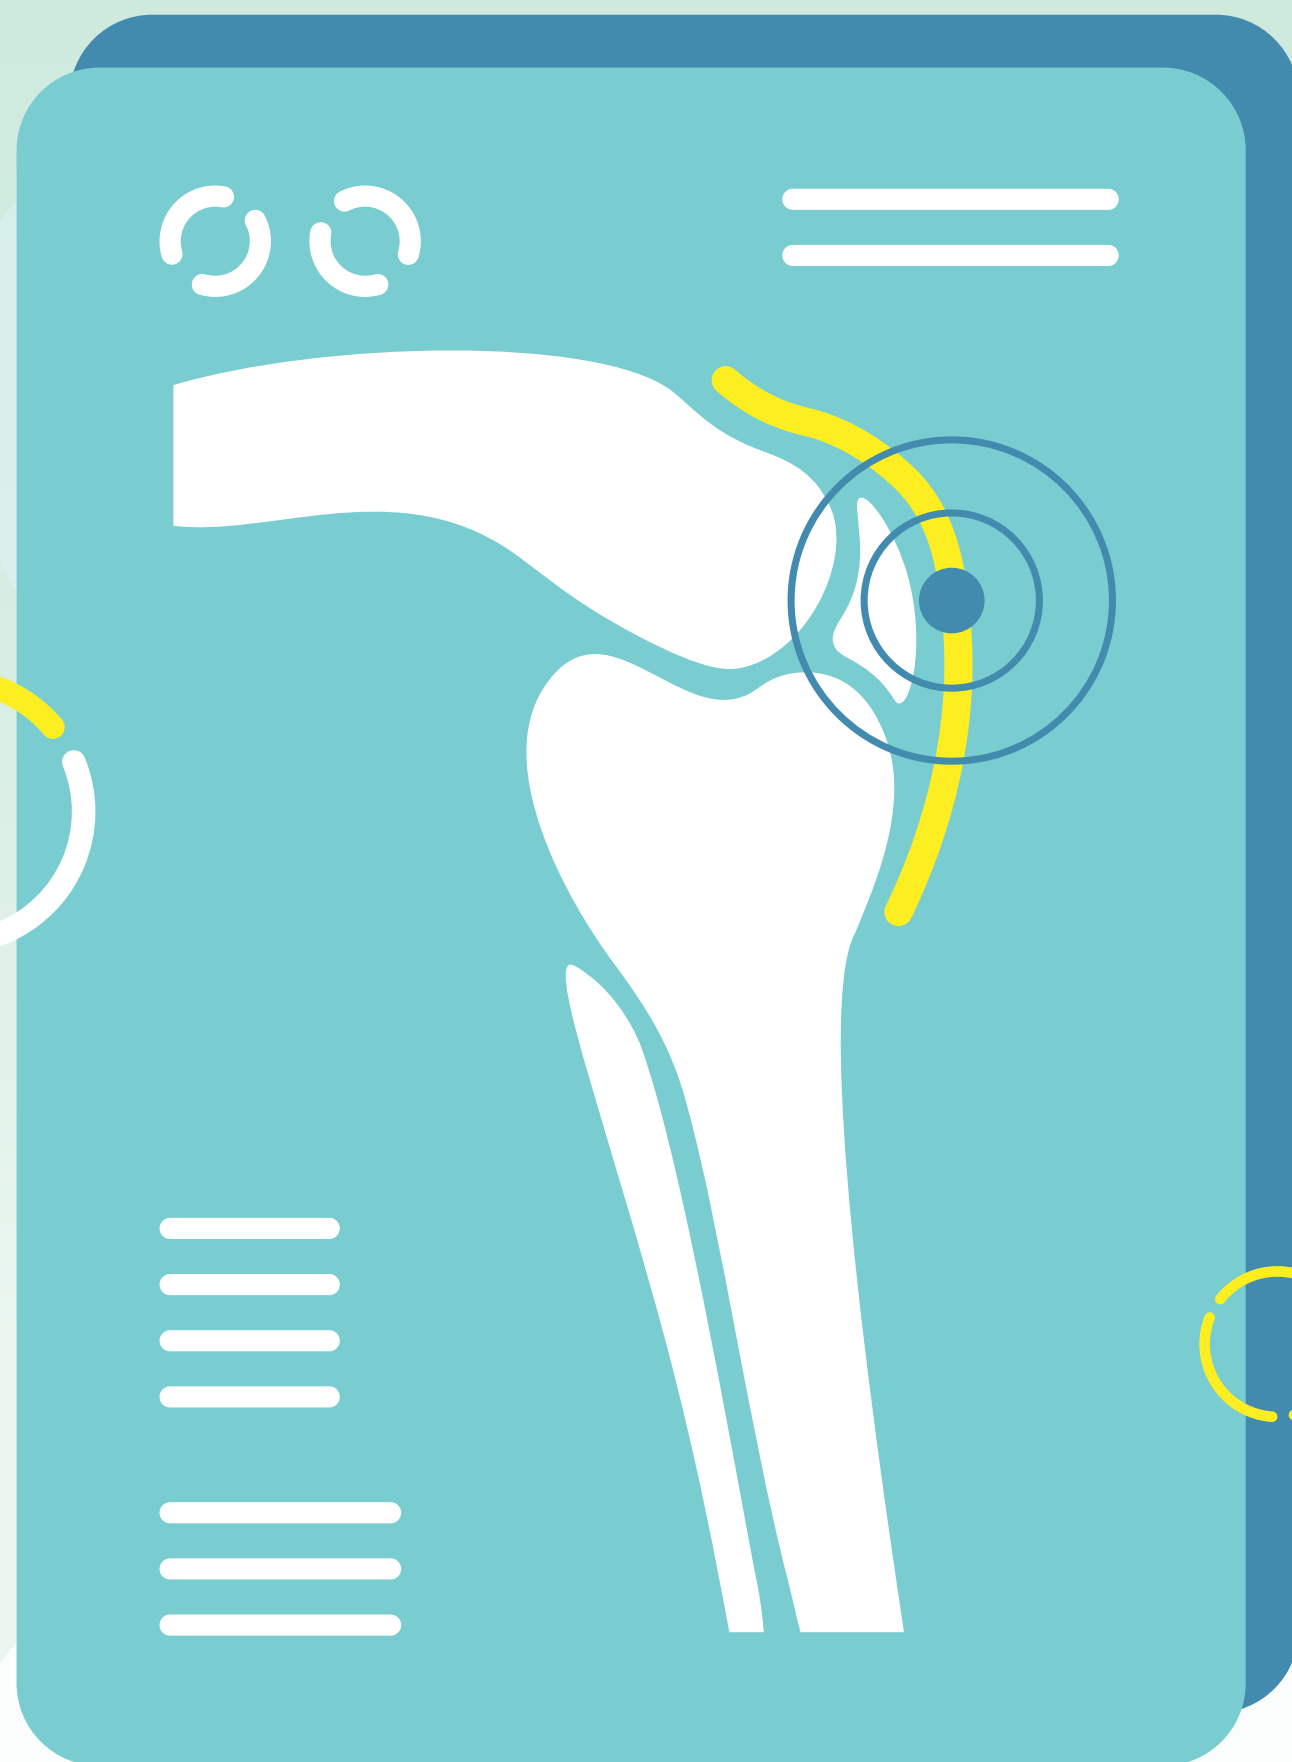

“It looks like you had quite a bad fall. But don't worry, we'll have you fixed up in no time!”

“First, we need an X-ray to check your knee.”

Mia laid still for the X-ray. She felt nervous, but remembered Dr Hugs’ special power and felt braver.

“Mia has a small break in her bone, which we call a fracture.”

**“You need
a cast to
help your
knee heal.”**

**“All done! You’re
very brave, Mia,
a true hero.
Stay safe!”**

**Mia thanked
Dr Hugs
and left the
hospital.**

**“See, Mia?
Doctors like
Dr Hugs can help
us feel much
better.”**

**Back at the playground,
Mia showed her friends
her cast and told them
about Dr Hugs and his
superpower.**

**“His hugs
make you
brave!”**

If you ever get hurt, don't be scared.

**Dr Hugs and Pals at
Parkway East Hospital
will take care of you!**

Mia and her friends felt safe knowing Dr Hugs and Parkway East Hospital will help them whenever they are in trouble!

Paediatric Urgent Care Centre
